30 Years Serving Texas Children

1. You will enroll students on the program using our online Web Service:  
KIDKARE.COM
2. Each student has an enrollment form to complete and fax or email to Nutriservice.
3. You will keep a record of what you served (menu) and to whom you served it (meal attendance report) These two records are meal service records and must be done daily.
4. You will receive reimbursement that is always **RATE X MEALS**. For example, you serve about 7 children 21 days of the month and submit a claim. Your reimbursement will be the lunch rate times the number of lunches served, the breakfast rate times the number of breakfasts served, and the snack rate times the number of snacks served for the month.
5. You will submit your claim records by the 2nd of every month via minutemenu..
6. We will check your enrollment records and your meal service each month.
7. Your payment will be direct deposited the day we receive payment.
8. We will visit your home at least 3 times each year to check compliance and bring you supplies
9. We will train you and your staff every year at no charge.
10. We will send you a free newsletter every month with a list of scheduled workshops.

Our goal is to be efficient, courteous, helpful, and knowledgeable so that the CACFP is easy for you ! We encourage your phone calls, your questions, and your feedback.

People who are eligible to participate in the program must not be discriminated against because of race, color, national origin, sex, age, disability, religion or political belief. Anyone who believes that they have been discriminated against should write immediately to: Director, Civil Rights Division, MC E609, Texas Department of Human Services, P.O. Box 149030, Austin, TX 78714-9030 or Secretary of Agriculture, Washington, D.C., 20250. Note: Discrimination complaints based on religion or political beliefs must be referred only to the Director, Civil Rights Division, Texas Department of Human Services

## Rates of Reimbursement

Rates are effective from July 1, 2025, through June 30, 2026

	<u>Tier I</u>	<u>Tier II</u>
Breakfast:	1.70	0.61
Lunch	3.22	1.94
Supper	3.22	1.94
AM & PM Snacks	.96	.26

Reimbursement rates are the same for infant meals as they are for children ages 1-12.

Reimbursement rates are adjusted annually on July 1.

The money for your reimbursement check comes from the U.S. Dept of Agriculture. They have a "block" of money set aside for the CACFP, which is divided among the different state agencies that administer the CACFP. The agency in Texas is the Texas Dept. of Agriculture, Food and Nutrition Division. TDA contracts with sponsoring agencies, like Nutriservice, Inc. to work with the individual day home providers like you.

### **SUBMITTING MENUS AND WAITING FOR THE DEPOSIT:**

The 2 to 6 week lag time of your reimbursement deposit is due to processing. We strive to give you our *expected pay date* with each newsletter. If you can use the technology available to go online and see your claim report and disallowances, and download your newsletter from our website, this saves about 3 days in processing time. We call this a PRONTO provider and you receive payment a bit earlier than those who require paperwork mailed to them.

If a holiday falls on the process day, the batch in which our claim is included has any incorrect claims in it, if any little unforeseen anything delays the claim payment, it will delay it until the following week. **That is why it is so important to send your menus on the last day of the month.** If you are uncertain when to expect payment, feel free to call. While we can never depend on the regularity of payment, we can try to predict it.

**If your menus are not in the office in time to send in with the rest of the claim, you will most likely lose reimbursement for that month. Unfortunately, we cannot "catch up" the next month. Occasionally we can "amend" the claim. If your menus are going to be late, call the office to make sure you won't miss the deadline. MENUS DUE ON THE 2<sup>ND</sup> DAY OF THE MONTH REGARDLESS OF HOLIDAYS.**

## Qualifying for TIER I Rates:

### Where you live

If your home is located in the **attendance area** of an **elementary, middle or high school** where 50% or more of the students receive free/reduced price lunch, then your business qualifies for Tier I rates.

If your home is located in a geographically eligible area based on **census data**, you qualify for Tier I rates.

or

### Your income

Your **household income** qualifies you if your total household income is at or below the rates in the chart on page 7.

or

### Income of the parents

The household income of the parents of each child can qualify that child's meals for Tier I rates.

- If you qualify by elementary school or Census, that determination lasts for 5 years.
- If you qualify by household income, that determination lasts for 1 year. (We renew these applications in annually.)
- If a child in your daycare qualifies by income, the determination lasts for one year. You can request an application for all children enrolled in your daycare or you can request an application for those families you think might qualify. The income information is confidential and is mailed by the parent directly to the sponsor.
- If you need an application for either your own household or for the parents of your daycare children, you simply request them from the office.

**If you have any questions about your Tier status, just call us!**

## ELIGIBILITY FOR YOUR OWN CHILDREN

Home daycare providers may claim their own children on the Child Care Food Program ONLY if the total household income meets income guidelines established by USDA. Check the chart on the next page to see if your total household income is less than or equal to those standards. If you qualify to claim your own children, you will be reimbursed for your child's eligible snacks and meals at the same rate as your daycare children.

In order to be eligible to claim your children's meals, an application must be submitted to Nutriservice, Inc. containing all eligibility criteria, including total current household income, names of all household members, and the signature of a household member.

Children having parents or guardians who become **unemployed** are eligible for free or reduced-price meals during the period of unemployment provided that the loss of income causes the family income during the period of unemployment to be within the eligibility standard for those meals.

If you are able to claim your child's meals, your status is valid for one year. You will be required to renew your application annually. Verification of income is not required at the time of application but you may be asked to verify your income at any time during the year.

The income that you receive from Nutriservice is considered self-employment income. **However, the income from the meals you serve to your own children is not considered taxable income.**

The information that you give to Nutriservice on the Meal Benefits Form will remain confidential and will not be used for any purpose other than the Child Care Food Program. If you have any questions regarding the eligibility of your own children, please call us at 972-772-3200

**TO QUALIFY FOR A FREE OR REDUCED-PRICE MEAL FOR YOUR CHILD/CHILDREN, AT LEAST ONE NON-RESIDENT CHILD ENROLLED FOR CHILD CARE MUST BE PRESENT AND PARTICIPATING IN THE MEAL SERVICE.**

**Breastmilk and Iron-Fortified Infant Formula (IFIF)** Infant Formula Form Received: NO  
Your provider is required to offer Iron-Fortified Infant Formula (IFIF) to your infant and must inform you of the brand offered. It is your choice whether or not to use this formula based on your preference and your infant's needs. You may choose to supply breastmilk or formula for your infant. If you accept the formula offered by the provider, you give your permission for the formula to be mixed for your infant by the facility staff. You may be required to provide sufficient sanitized bottles each day for your child's use. If this is required, the bottles must be labeled with your child's name/date and be taken home daily. If you choose to supply breastmilk for your infant, write "Parent Supplies Breastmilk or IFIF" on this form. If you refuse the provider's formula and choose to supply formula for your infant, you must write the brand of formula you will be supplying in the space provided on this form and write "Parent Supplies Breastmilk or IFIF" on this form. If the formula you provide is low-iron fortified, non-iron fortified, or a specialty formula, a medical statement is required.  
When your infant is four months old or older and is developmentally ready for baby food, your provider is required to offer additional, supplemental foods in compliance with the infant meal pattern as required by 7CFR226.20. These foods will include iron-fortified infant cereal, fruits, vegetables, meats, and meat alternates, when developmentally appropriate for your child. You have the option of supplying these supplemental foods and refusing the provider's supplemental foods.  
Note to parents who receive formula through the WIC program: Your infant is eligible to receive formula from this child care facility as well as from the WIC program. It is your decision which formula you want your infant to use when in child care.

Dear Parents:  
Your provider has chosen to join the Child and Adult Care Food Program (CACFP). This program extends the National School Lunch program to children in Family and group child care homes. The USDA has guidelines that your provider has agreed to follow. Under the regulations of the CACFP, your provider may NOT charge you a separate fee for meals that are claimed for reimbursement, and they must supply all of the components needed to meet the requirements. In an effort to improve our Program, we periodically contact parents to provide input and to verify attendance of their children in this child care home.

I have verified that the above information is correct, and I have received a copy of this completed form and the Building For The Future Flyer.

## THE MONTHLY PAPERWORK- MENUS

### ON-LINE MENUS:

We recommend using the Online Menus. Send us an email or call the office & give us your email address. We can instantly sign you up for the on-line menus and send you a password. To access the program on your computer, go to the website with your user name and password at [WWW.KIDKARE.COM](http://WWW.KIDKARE.COM) This is completely free to all Nutriservice Providers, and you can try it out for free.

(You will need a password from us to log on.)

### Manual Method:

1. Make sure your name is on each page.
2. You fill out separate menus for separate age groups: one menu each month for ALL 0-1 year old children and one menu each month for all 1-12 year old children. You do combine their attendance on one page.
3. At the top of the menu, write in the day and date. At the bottom, be sure to total your attendance and meals.
4. Plan your menu one day in advance or one week in advance, however you find it easiest. We suggest at least one week in advance so grocery shopping is easier, maybe less expensive, you feel more organized and you are sure to have a variety of meals. You need to have a different menu each day so that there is a variety offered to the children. Of course, infants' needs are different and you will want to offer a baby a new food only once a week until you are sure there is not an allergic reaction to the new food. It is okay to serve a favorite food more than once a week!
5. You can claim reimbursement for any enrolled daycare child in your home that you are legally registered or licensed to care for and who is offered an eligible meal or snack.
6. You must supply 100% of any meal or snack you offer a child in order to claim it for reimbursement. The exception to this rule is breast milk or infant formula.
7. When filling out your menu, you must follow the USDA minimum requirements for infants and children as including in your handbook and **on the back of your menus.**
8. Fill out every food group item for the meal you are serving. For every snack, choose 2 out of the 4 food groups listed.
9. Your menu should list the food served, not the name of the dish that was served. For example if you serve tuna casserole, break down the ingredients and then add any additional foods needed, such as milk

## USDA Child and Adult Care Food Program Infant Meal Pattern

The provider is required to serve all components except Breast Milk or Infant Formula. If your "house" brand of formula is not what the parents want for their infant, you can have them sign a formula waiver, they can supply the formula they prefer, and you can still claim that meal.

IFIF= Iron Fortified Infant Formula      IFIC = Iron Fortified Infant Cereal

Breastmilk or formula, or portions of both, must be served; however, it is recommended that breastmilk be served in place of formula from birth through 11 months. For some breastfed infants who consume less than the minimum amount of breastmilk per feeding, a serving of less than the minimum amount of breastmilk may be offered, with additional breastmilk offered at a later time if the infant will consume more.

Infant formula must be iron-fortified.

Yogurt must contain no more than 23 grams of total sugars per 6 ounces

A serving of optional component is required when the infant is developmentally ready to accept it.

Breakfast Cereals (snack only) must contain no more than 6 grams of sugar per dry ounce.

## ALLOWABLE MEALS:

In addition to the meal pattern requirements, providers must also adhere to the following guidance:

- "cup" means a standard measuring cup;
- juice cannot be the second component of a snack if milk is the other component;
- the minimum serving size for cereal is measured by volume (cup) or weight (oz.), whichever is less;
- at lunch or supper, you must serve two or more kinds of vegetable and/or fruit.
- the minimum amounts shown for meat, poultry, or fish are edible portions as served;
- USDA determines whether a specific tree nut or seed may be served as a meat alternate. At lunch or supper, tree nuts and seeds may be counted toward a maximum of one-half of this requirement. Nuts or seeds must be combined with another meat/meat alternate to fulfill the requirement. For the purpose of determining combinations, one ounce of nuts or seeds is equal to one ounce of cooked lean meat, poultry, or fish; and
- the following items cannot be used to satisfy the meat/meat alternate component for a snack:
  - o frozen yogurt; yogurt bars; yogurt covered fruits or nuts; yogurt flavored products; or homemade yogurt.

**Note:** Commercially added flavorings such as fruit, fruit juice, juice, nuts, seeds, or granola cannot be counted as the second component of a snack.

If a child is unable for medical reasons to eat or drink a required food, you may substitute another food prescribed by a doctor. You must:

- keep on file a copy of the statement from the physician;
- provide the meal at no additional cost to the participant;

## MEAL TIMES

You must ensure that the following meal service times are observed:

- **3 hours** must elapse between the beginning of breakfast and the beginning of lunch;
- **4 hours** must elapse between the beginning of lunch and the beginning of supper, when a supplement is not served in between; and
- **2 hours** must elapse between the beginning of a:
  - o meal service and the beginning of a snack;
  - o snack and the beginning of a meal service; and
  - o snack and the beginning of another snack.

**Note:** When determining meal service times, a snack is not a meal. The following conditions also apply to the meal service schedule:

- the duration of a meal service must not exceed two hours;
- the duration of a snack service must not exceed one hour; and
- **service of supper must begin no earlier than 4:00 p.m., but no later than 7:00 p.m. It must end no later than 8:00 p.m.**
- A meal service cannot begin any later than 30 minutes before the licensed closing time.
- Providers may use a different feeding schedule for infants younger than one year old.

## Breast milk is oh so healthy.

We don't want to pressure everyone to nurse. We just want you to be aware of the benefits. Breast milk contains antibodies that can't be engineered. "Breastfed babies get fewer colds and sinus and ear infections," says Jim Sears, MD, coauthor of *The Baby Book*. They also have less diarrhea and constipation and a decreased chance of having allergies.

There is lots of literature about how much better it is for baby to receive breast milk rather than formula. If you need help in supplying good information to encourage moms to breastfeed, please call us and we can send you lots of resources!

- 🍏 It is a requirement that you offer the CACFP to all infants in your care by supplying a Formula of your choice, like a "house brand".
- 🍏 The parents have two options: 1. Use your formula or 2. bring their own formula or breast milk.
- 🍏 As long as the parent has completed the formula preference on the enrollment form, you may claim meals for all infants.
- 🍏 As infants get older and require solid foods, you must supply the solid food in order to claim meals.
- 🍏 If the Parent wants to provide solid food, you may not claim the meal. The Provider is required to provide all other components of the meal except formula or breast milk.

### Fruits and Vegetables For Infants

Commercial baby foods that are reimbursable in the Infant Meal Pattern:

- Commercial baby food fruits and vegetables that list fruit or vegetable as the first ingredient in the ingredient listing on the label.

Commercial baby foods that are NOT reimbursable:

- Commercial baby food "dinners" which list fruit or vegetable as the first ingredient.
- Commercial baby foods in the "jarred cereal with fruit" category.
- Commercial baby foods in the "dessert" category
- Commercial baby food fruits and vegetables that list water as the first ingredient in their ingredient listing.

### Meat/Meat Alternates for Infants

Commercial baby foods that are reimbursable:

- Commercial plain strained baby food meats (including those with beef, chicken, turkey, lamb, veal and ham).
- Gerber "2nd Foods" baby food meat products (i.e., Beef and Beef Gravy, Chicken and Chicken Gravy, Ham and Ham Gravy, Lamb and Lamb Gravy, Turkey and Turkey Gravy, and Veal and Veal Gravy), even if they do contain additional ingredients, such as cornstarch and, in some cases, lemon juice concentrate.

## Bread and Crackers, and Infant Cereals continued

- 🍏 Cracker-type products
- 🍏 Crackers-saltines or snack crackers made without nuts, seeds, or hard pieces of whole-grain kernels; matzo crackers; animal crackers; graham crackers made without honey (honey, even in baked goods, could possibly contain *Clostridium botulinum* spores which can cause a type of serious food borne illness in infants)
- 🍏 Zwieback
- 🍏 Teething biscuits

NOTE: If any of the above items are served, they must be prepared in a form that is suitable for an infant to use as a finger food and that reduces the chances of choking (e.g., small thin strips of bread are most appropriate, not a whole or half of an uncut hard bagel, English muffin, pita bread, wheat roll, or soft tortilla). It is advisable that these items only be served if parents agree for them to be served, and after they have previously been introduced to an infant, with no problems, by the infant's parents.

Cereal that is reimbursable:

Infant cereal in the Infant Meal Pattern is defined as "any iron-fortified dry cereal specially formulated for and generally recognized as cereal for infants that is routinely mixed with formula or milk prior to consumption." The package should include the words, "Cereal for Baby," and the infant cereal should be fortified with iron. The percent Daily Value for iron on the nutrition label must be at least 45%. Ready-to-eat breakfast cereal for SNACK only.

Cereals that are NOT reimbursable:

- Iron-fortified dry infant cereal containing fruit
- Commercial jarred baby food cereals (which are "wet," not "dry")
- Ready-to-eat breakfast cereal (cold dry) at breakfast or lunch/supper and cooked breakfast cereals (such as farina or oatmeal). Although enriched farina, regular oatmeal, and corn grits, for example, are not reimbursable, they can be fed as additional foods if the parent requests that they be served. Do not feed ready-to-eat cold or cooked breakfast cereals with nuts, seeds, raisins and hard pieces of whole-grain kernels or other hard food pieces to infants because they pose a choking risk. Cereal served at snack must contain less than 6 grams of sugar per dry ounce.

## Meals for Children with Disabilities

If a child is unable for medical reasons to eat or drink a required food, you may substitute another food prescribed by a doctor. You must:

- keep on file a copy of the statement from the physician;
- provide the meal at no additional cost to the participant; and
- Report the meal on the meal on separate record

## Children with Special Dietary Needs

Children who are not disabled but have certified medical or special dietary needs may be served substitutions. This includes children with food intolerance, e.g., lactose intolerant or food allergy. The parent/guardian of the child must provide a licensed medical authority's signed statement that includes the following:

- the medical or special dietary need that restricts the child's diet;
- the major life activity affected by the disability;
- the foods that must not be served to the child; and
- the foods that must be substituted.

Reimbursement rates for meals that meet special dietary needs are the same as other meals.

If a child is lactose intolerant you are also encouraged to provide lactose-reduced milk as a fluid milk choice. If you substitute lactose-reduced milk for another milk type, you cannot assess additional charges to the child.

If a child's diet requires lactose-reduced milk, you can provide lactose-reduced milk as a creditable part of a reimbursable meal. If you serve a meal without milk to a child, you cannot claim reimbursement unless you maintain a licensed medical authority's signed statement that includes the following:

- the medical or special dietary need that restricts the child's diet;
- the foods that must not be served to the child; and
- the foods that must be substituted.

Additionally, children with chewing and swallowing difficulties may require menus modified that include softer foods, e.g., cooked carrots rather than raw carrots, or foods that are chopped, ground, or blended. These modifications can usually be made within the meal pattern requirements. A physician's written instructions indicating the appropriate food texture is recommended, but not required.

For children with special dietary needs, you must:

- provide substitutions on a case-by-case basis;
- maintain the required medical statement in your files
- provide the meal at no additional cost to the child; and
- document substitutions made to meals on separate meal production records

## Meal Service Styles

Providers may serve meals:

- as a unit (cafeteria style); or
- family style.

In either type of meal service, the provider must ensure that the minimum quantities of each meal component are available to each child. At lunch or supper, the minimum quantity of the vegetable component is the combined amount of each of the two or more fruit or vegetable items served to meet meal pattern requirements.

In cafeteria style meal service, each child must be served at least the minimum amount of each component. In family style meal service:

- A sufficient amount of prepared food must be placed on each table to provide the full required portions of each of the food components for all children at the table, and to accommodate adults if they eat with the children.
- Children should initially be offered the full required portion of each meal component. The family style meal service allows children to make choices in selecting foods and the size of initial servings.
- It is the responsibility of the supervising adults, during the course of the meal, to actively encourage each child to accept service of the full required portion for each food component of the meal pattern. If a child initially refuses a food component, or initially does not accept the full required portion of a meal component, the supervising adult should offer the food component to the child again.
- Second meals cannot be claimed for reimbursement.

In some instances it may be appropriate to offer only some components family style. However, any component not served family style, in an otherwise family style meal service, must be served according to the criteria for cafeteria style service, which dictates that the full portion of each component must be served to each child. For example, if you serve a meal family style with the exception of milk, then each child must be served at least the full minimum portion of milk.

**Although we strongly encourage allowing children to serve themselves in a family style meal service, it is not required.**

### Limit on Quantity of Reimbursable Meals

You may serve any or all of the following:

Breakfast 🍏 am snack 🍏 lunch 🍏 pm snack 🍏 supper 🍏 evening snack

**You can claim (2 meals, 1 snack ) or (1 meal, 2 snacks)**

## Eligible Meal Service

You may submit a claim for payment for up to two meals and one snack or two snacks and one meal per child per day, if the meals meet meal pattern requirements and are:

- served to children who are enrolled for child care;
- eaten in the home
- served to children who meet CACFP age requirements; and
- supplied by the home daycare provider
- served as a meal type, e.g. breakfast and lunch, and at a time that we have approved;
- If a child is in attendance at all meals, mark them and submit all meals to Nutriservice. We will deduct the meals in excess of the maximum to prevent an overclaim.

## Ineligible Meal Service

- You cannot claim reimbursement for meals or supplements that are provided by a child's parent/guardian, e.g., a sack lunch.

You cannot claim reimbursement for meals or supplements that:

- do not meet meal requirements;
- are served to children in excess of the facility's licensed capacity; or

- are served to adults or children 13 or over (unless disabled)
- are sent "to go" on a bus or with a parent

- Are not served to children present and participating
- Are not documented DAILY
- For which you do not have documentation ON SITE at a visit.

## **Foods that don't qualify:**

Any food listed in the "**other foods**" section of the Food Buying Guide: <http://teammnutrition.usda.gov/Resources/foodbuyingguide.html> does not qualify as a reimbursable food. Some examples are: Jell-O, potato sticks, popcorn, juice drinks, Kool-Aid, cream cheese, bacon, Velveeta cheese. These foods don't meet the requirements.

If you serve them, either don't claim the meal or serve other foods that meet the requirements and use these foods as "extras"

**If you don't find the food your online list, don't serve it until you call the office to find out if it is eligible.**

Combination Foods: These are foods that contain more than one food group, for example, Lasagna. This food contains three components: Meat/Cheese, pasta, tomato sauce.

Lasagna:

- 1. HOMEMADE** If you made the lasagna, this food does qualify because you know how much of the components were used when you made it.
- 2. Pre-PREPARED** If you purchased a ready-made lasagna, you don't know if the quantity of components meets requirements and you cannot use this combination food.
- 3. PRE-PREPARED WITH CN LABEL** If you purchased a ready made lasagna with a CN Label, the label does give you quantity information and you may use this combination food.

Some other examples of combination foods that must have a CN Label to qualify: Chicken nuggets, pizza, fish sticks, fish portions, ravioli, any frozen pot pies, canned stews, cheese sticks... **Remember: this applies to any food made with components you cannot measure!**

## **Meals that don't qualify:**

**Meals that weren't prepared at the home.** If you eat out, you may not claim that meal.

You don't know what quantities have been served to the children.

**Meals that parents provided.** You can't vouch for the quantities or contents of meals.

**Meals that have been donated by parents.**

**Meals that don't meet the meal pattern requirements**

**Food served must be acquired by the home daycare provider for you to be able to claim that meal. There is one exception to this rule: Parents may supply the formula or breast milk to infants and those meals do qualify for reimbursement.**

## WHEN DO I NEED A CN (CHILD NUTRITION) LABEL?

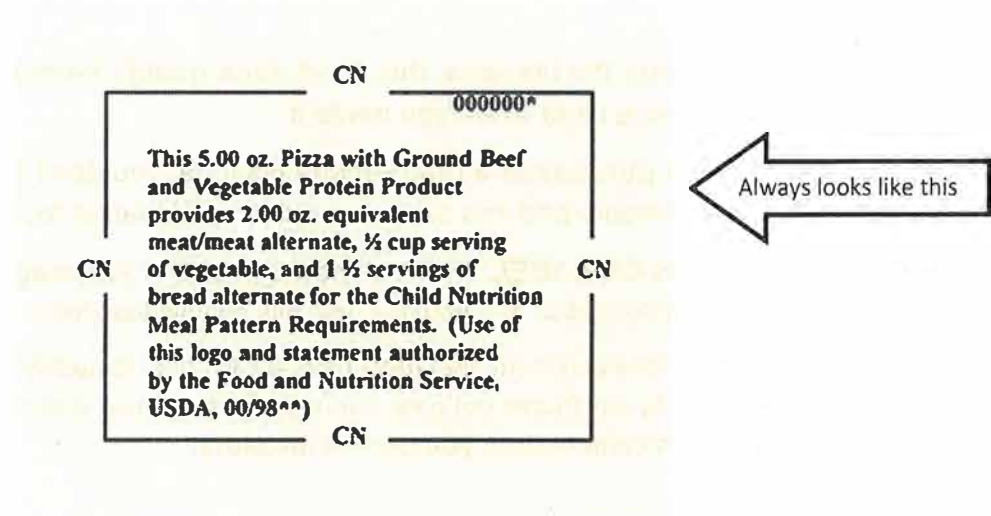

A Child Nutrition Label is necessary when you are serving a COMBINATION food. This means any food that is composed of more than 1 food group. For example,

Chicken nuggets (meat & bread/grains group)

Pizza (meat & bread/grains & fr/veg group)

Any meat product with fillers like soy

Meats products that are composed of only one component or type of product (like all beef hot dogs) do not need a Child Nutrition Label, since you can tell by the weight of the product how much meat component you are serving.

Review this CN Label together with the meal pattern chart.

1. Get your CN Label from the product and figure how much you need to serve each child.
2. Copy the label and send/fax it to Nutriservice.
3. Keep a copy of the label for your records.
4. If you use a different brand, be sure to repeat these steps :).

**As a participant in the Child and Adult Care Food Program for Home Daycare Providers, you are responsible for:**

**Reimbursable meals;**

- a. **Meet the guidelines for components and for serving times.**
- b. **Meet the ratio guidelines for Licensing**

**(At this point, you should have an understanding of what makes an eligible meal)**

**ACCURATE program documentation;**

- a. **the meals you are claiming have been served to the children you are claiming at approved meal times while in your home.**
- b. **The meals you are claiming have been recorded as required: Daily**

**Providers are encouraged to plan meals at least two weeks in advance of a meal service to assist in food-purchasing, cost control, and the scheduling of food preparation. We are happy to review your menus in advance to reduce the number of disallowed meals. Since children's diets often lack sufficient nutrients, such as iron and vitamins A and C, we recommend using foods that are good sources of these nutrients.**

## Breads and Bread Alternates

All products must be made with whole grain or enriched flour or meal. A “full” serving (usually twice as much) is required for children 6 and over. An easy way to tell if a product is eligible is to check that the first ingredient is whole grain or enriched grain. A **WGR (whole grain rich food is required at least one time per day.)**

## USDA CHILD AND ADULT CARE FOOD PROGRAM

# Grains Component

This handout provides information on grain requirements for infants, child and adult participants in the Child and Adult Care Food Program (CACFP). Throughout the handout, the term *program* will be used which refers to all facility types: group child care centers, family day care homes, afterschool programs, emergency shelters and adult care centers. Find this handout and more information on the New CACFP Meal Pattern webpage: <https://dpi.wi.gov/community-nutrition/cacfp/new-cacfp-meal-pattern>.

### What is Whole Grain-Rich (WGR)?

At least 1 serving of grains per day must be whole grain-rich. Whole grain-rich (WGR) foods contain 100% whole grains, or at least 50% whole grains, and the remaining grains are enriched.

The whole grain-rich requirement only applies to meals served to children 1 year and older, and adult participants; it does not apply to infant meals.

### Identifying Whole Grains (This is not an all-inclusive list)

Whole Grains	Not Whole Grains
Amaranth	All-purpose flour
Brown rice	Bread flour
Bromated whole wheat flour	Bromated flour
Buckwheat	Cake flour
Bulgur (cracked wheat)	Corn grits, corn flour
Crushed wheat	Couscous
Graham flour	De-germinated cornmeal
Millet	Durum flour
Oatmeal or rolled oats	Enriched flour
Quinoa	Enriched rice
Triticale	Enriched wheat flour
Wild rice	Farina
Whole grain barley	Long-grain white rice
Whole rye	Pearled barley
Whole grain corn	Phosphate flour
Whole cornmeal	Rice flour
Whole grain sorghum	Unbleached flour
Whole durum wheat	White flour
Whole wheat	Wheat flour

Grains like quinoa, brown rice, oatmeal, etc. may not have the word *whole* before their name, but are 100% whole grains.

Foods labeled with the words *made with whole wheat, bran, multi-grain, stone-ground, 100% wheat, or seven-grain*, are usually not whole grain.

### Serving Meals with WGR Foods

Each day, at least one meal or snack must include a whole grain-rich food. If your program serves:

- One meal (breakfast, lunch or supper), the grain must be WGR.
- One snack, if one of the two components is a grain item, it must be WGR.
- More than one meal or snack (breakfast, lunch and snack), you may choose which meal to serve the WGR food.

### Whole Grain-Rich Criteria

Identify whole grain-rich foods by **ONE** of the 4 options below:

1. Grain products specifically labeled as "whole wheat bread", "entire wheat bread", "whole wheat rolls", "entire wheat rolls", "whole wheat buns", and "entire wheat buns" are 100% whole wheat

2. The package includes one of the following FDA health claims:
  - Diets rich in whole grain foods and other plant foods and low in total fat, saturated fat, and cholesterol may reduce the risk of heart disease and some cancers. **OR**
  - Diets rich in whole grain foods and other plant foods, and low in saturated fat and cholesterol, may help reduce the risk of heart disease.

3. Use the **Ingredients List** on the product label:

- A whole grain is the first ingredient or is the second ingredient, with water as the first ingredient

Ingredients: Whole-wheat flour, water, enriched unbleached wheat flour, yeast

4. ~~Store-bought combination foods~~ (i.e. pizza, corn dogs, etc.):

Obtain a CN label or PFS to credit the bread as WGR.

If the CN label or PFS says:

- o "oz. equivalent grains" = WGR
- o "bread" or "bread alternate" = not WGR

### Homemade Grain Items:

Look at the grains in the recipe. If 50% or more of the grains are whole grain, the item is WGR.

### Recordkeeping Requirements

Whole grain (WG), whole wheat (WW) or whole grain-rich (WGR) must be written on menus next to the grain item. If you do not serve a WGR item on a given day, the least reimbursable meal or snack serving a grain must not be claimed.

# ELIGIBLE CEREAL

## Breakfast Cereal and Sugar Guide

Requirement: Starting July 1, 2017, breakfast cereals served in CACFP must contain no more than 6 grams of sugar per dry ounce.

### Method #1: Use WIC Approved Breakfast Cereals List

Use any State Agency's Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) approved breakfast cereal list for creditable breakfast cereals. Similar to CACFP, all WIC approved breakfast cereals must contain no more than 6 grams of sugar per dry ounce (21.2 grams of sugar per 100 grams).

Website: <http://bit.ly/2kYvsy8>

### Method #2: Calculate the total sugars per ounce

Complete the following calculation to determine if the breakfast cereal is within the threshold of 0.212\* or less.

**Step 1:** Find the Nutrition Facts Label on the package.

**Step 2:** Find the Serving Size of the cereal.

Write the number of grams (g) here: **28 grams**

**Step 3:** Find the amount for sugars. It is below the "Total Carbohydrate" line.

Write it here: **1 gram**

**Step 4:** Divide the Sugars number by the Serving Size number.

$$\frac{\text{Sugars}}{\text{Serving Size}} = \frac{1}{28} = \underline{0.036}$$

**Step 5:** If the number is 0.212 or less, the cereal is below the sugar limit.

Is it creditable? **Yes, this cereal is creditable, since 0.036 is less than 0.21.**

\* Threshold Formula:  $21.2 \div 100 = 0.212$

## Meat/Meat Alternates

Meat, poultry, fish, cheese, eggs, peanut butter, dried beans, peas, yogurt, tofu, nuts and seeds are all eligible meat and meat equivalents.

Nuts and seeds will fulfill only one half of the meat requirement at meals and must be served in combination with another meat equivalent at meals.

### Combination foods:

Any pre-prepared product containing more components than the meat/meat equivalent is **not eligible** on the CACFP unless the label indicates **the amount of meat equivalent** available per serving. We suggest that once you find a food product with that information available, stick with that brand. You have to be able to determine how much meat is in a product in order to be sure you are serving enough. This means keeping the CN Label on site. (See page 9 for an example of a CN Label)

## Commercial Foods and Baby Foods That Are Not Reimbursable

**Commercial baby food combination dinners**

**Meat sticks or “finger sticks” (which look like miniature hot dogs**

**Commercial fish sticks, other commercial breaded or battered fish or seafood products**

**Canned fish with bones, hot dogs, and sausages** are not reimbursable as a meat/meat alternate in the Infant Meal Pattern because these foods are not designed by their manufacturers for consumption by infants (less than 12 months of age). Infants may choke on these food items and there may be an incidental bone in fish sticks and other breaded fish products.

**Nuts, seeds, and nut and/or seed butters**

**Smoked snack sticks made with beef and chicken;**

**Summer sausage;**

**Pepperoni sticks;**

**Meat, poultry or seafood jerky such as beef jerky, turkey jerky and salmon jerky;**

## Field Trips

You may claim reimbursement for meals that are served during a field trip if:

- the activity is directly related to child care, and
- all program requirements are met.

Program requirements include, but are not limited to the following:

- Meals served must meet the CACFP meal pattern for the appropriate age group and must be served to eligible children.
- All state and local health department standards, including maintaining food at proper temperatures, must be followed.
- Daily menu records that include the food items and amounts of food prepared must be maintained.
- Meal counts for meals served to eligible children must be documented on, Daily Meal Count and Attendance Records. You must also maintain these forms as required.
- **Meals purchased from restaurants or fast food outlets are not reimbursable.**
- **Meals served to children in transit anywhere (to school or their homes, etc.) cannot be claimed as reimbursable meals.**

Field trips must be documented in writing. The documentation must include the following information:

- date of trip;
- destination of trip;
- duration (departure and return time) of the trip;
- meal types served on the trip;
- a description of the location where the meal was served;
- a description of the method used to ensure that foods are held at proper temperatures;
- a list of foods served on the field trip; and
- a list of everyone that participated in the field trip.

In addition, the employee completing the documentation of the field trip must sign a certification statement that reads: *"I certify that to the best of my knowledge the information reported about this field trip is true and correct. I understand misrepresentation may result in prosecution under applicable state or federal statutes. I certify that meals were prepared, delivered, and served in accordance with all state and local health department standards."*

You are required to notify Nutriservice when planning a field trip as a condition of reimbursement.

Occasionally, field trips will include a visit to a Summer Food Service Program (SFSP) site. **You cannot claim reimbursement for meals that are served at SFSP sites.**

## CACFP APPEALS PROCEDURE

Any time Nutriservice takes an adverse action, you have the right to appeal. An adverse action is any action that denies or reduces your CACFP benefits, such as disallowing your claim for the month or dropping you from the program.

Nutriservice has designated the Texas Child and Adult Care Food Program Sponsors Association Appeals Board as its independent appeals organization. This board is made up of members of the Association who serve in rotation. Nutriservice does not select which people will hear your appeal. Here is how the appeals process works:

1. Nutriservice notifies you of an adverse action. The notification includes a statement of your right to appeal and the address of the Appeals Board Chairperson.
2. You have 15 days to notify the Appeals Board of your desire to appeal the action.
3. The Appeals Board acknowledges your request for appeal within 10 days.
4. You may respond in person or in writing. If in writing, the Appeals Board must receive your written documentation within 30 days of the Nutriservice notice to you.
5. If you wish, you may request a hearing instead of or in addition to the written documentation. If you request a hearing, a conference telephone hearing will be set up by the Appeals Board. You will receive notice of the telephone hearing date and time at least 10 days before the hearing. You may choose a representative.
6. Failure to present the written documentation within 30 days or to appear for the telephone hearing is considered a waiver of your right to a personal appearance or to inclusion of that written information.
7. Any Nutriservice information on why or how the adverse action was taken is available to you.
8. You will receive a determination of the appeal from the Appeals Board within 30 days.

The Appeals Board is required to make their determination based on state and federal policy governing the administration of the program and the information you and Nutriservice provide to the board. An example might be if you neglected to write down the bread or equivalent for several meals. The USDA requirement includes bread at all meals, so the Appeals Board would be required to uphold the deduction of those meals. You may participate in the program while the appeal is in process, but if the action is to terminate your participation in the CACFP, you may not be paid for those meals if the decision is upheld by the board. The decision of the Appeals Board is final.

  20. Pay the full amount of reimbursement owed to the Provider(s) based on the number of valid meals served and the number of eligible children in each meal reimbursement TIER.

### **Rights and Responsibilities of the Provider(s)**

#### **The Provider(s) agree(s) to:**

1. Record daily the:
  - a. menu served to the children,
  - b. number of meals, by type, served to each child, and
  - c. number of enrolled children in attendance.
2. Claim meals served to children living in the home only if:
  - a. the children are enrolled for child care and participating in the CACFP during the time of meal service,
  - b. enrolled nonresident children are present and participating in the meal service, and
  - c. Providers have completed and submitted a CACFP Meal Benefit Income Eligibility Form for Tier I Eligibility to the Sponsor demonstrating that the Provider's children are eligible for free or reduced-price meals.
3. Claim only meals actually served during approved meal service times to children who are enrolled in child care, in attendance and participating in the meal service.
4. Prepare and serve meals which meet the current CACFP meal pattern requirements for the ages of the children served.
5. Ensure that food is prepared and served in amounts sufficient for each enrolled child to have one reimbursable meal/snack at each meal service.
6. Notify the Sponsor immediately if there is any change in the meal service, including days, times, and/or types of meals served.
7. Notify the Sponsor immediately of the names of any children added or withdrawn from the enrollment for day care.
8. Receive mandatory CACFP training prior to Program participation and annually thereafter as required by TDA and the Sponsor.
9. Notify the Sponsor in advance whenever the Provider(s) is planning to be out of the home during the meal service period. If this procedure is not followed and if an unannounced review is conducted when the children are not present in the day care home, claims for meals that would have been served during the unannounced review will be disallowed.
10. Allow representatives of the Sponsor, TDA, the United States Department of Agriculture, and other state and federal officials to enter the Provider's home, announced and unannounced, to review CACFP operations and records during normal hours of child care operation. Individuals making such reviews must show photo identification of their employment with one of these entities.
11. As required by the Sponsor, periodically submit meal records for Sponsor review.
12. Notify the Sponsor immediately if there is any change in the Provider's child care licensing or registration status and update license or registration as required by the Texas Department of Family and Protective Services or other authority (if military or tribal).
13. Serve meals to all children without regard to race, color, national origin, sex, age or disability in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and USDA's regulations concerning nondiscrimination.
14. Participate with one Sponsor at a time.
15. Authorize the Sponsor to apply for participation in the CACFP on behalf of the day care home.
16. Maintain records on-site according to CACFP Provider(s) record-keeping requirements; failure to do so is grounds for denial of reimbursement.
17. Distribute a copy of the Sponsor's notice to parents if instructed by the Provider's Sponsor.
18. Participate in the CACFP with only one day care home (if licensed or registered to provide care in more than one day care home).

- 19. Obtain prior written approval from TDA before transferring to another Sponsor within the program year. Termination of this permanent agreement during the program year does not constitute approval to transfer to another Sponsor. If the Provider(s) terminates this permanent agreement and wants to participate in the CACFP again during the same program year, the Provider(s) may only participate with its current Sponsor unless the transfer is approved by TDA. **Exception:** Each year a Provider(s) may transfer to a different Sponsor without TDA approval, if otherwise eligible to participate in the CACFP, by signing a permanent agreement with a new Sponsor between June 1 and September 30 to become effective on the following October 1.

**Term and Termination**

This agreement is effective from: \_\_\_\_\_ until terminated.

The Provider(s) will provide 30 days written notice if terminating this permanent agreement without the mutual consent of the Sponsor. If terminating this permanent agreement due to transfer to another Sponsor during the exception provided in #19 above, the Provider(s) will provide written notification as soon as possible.

The Sponsor will provide the Provider(s) 30 days written notice if terminating this permanent agreement for mutual consent or for reasons other than the Provider's failure to meet the terms of this permanent agreement.

**Certification**

**We, the undersigned, do hereby make and enter into this contract. By so doing, we do certify that the information contained in this document to be true and correct to the best of our knowledge and is provided for the purpose of obtaining Federal financial assistance. Dear Parent/Guardian:

This letter is intended for parents or guardians of children enrolled at a family day care home. \_\_\_\_\_ offers healthy meals to all enrolled children as part of our participation in the U.S. Department of Agriculture's (USDA) Child and Adult Care Food Program (CACFP). The CACFP provides reimbursements for healthy meals and snacks served to children enrolled in child care. Please help us comply with the requirements of the CACFP by completing the attached Meal Benefit Income Eligibility Form.

**1. Am I required to complete a Meal Benefit Income Eligibility Form in order for my child(ren) to receive CACFP Benefits?** No, but if you choose to do so, your provider may receive a higher reimbursement for the meals served to your child. If you do complete the form, you have the option of returning it directly to your Provider or to the Provider's Sponsor, **Nutriservice Inc.** If you would like to provide your form directly to the sponsor, return the completed form to: **Nutriservice Inc.**

**801B E I-30 HWY ROCKWALL TX 75087**

\_\_\_\_\_ Initial here if you consent to allowing \_\_\_\_\_ to collect your form and provide it to the Sponsor.  
\_\_\_\_\_ will not review your form.

**2. Do I need to fill out a Meal Benefit Form for each of my children in day care?** You may complete and submit one CACFP Meal Benefit Income Eligibility Form for all children enrolled in child care in your household **only** if the children in child care are enrolled in the same home. We cannot approve a form that is not complete, so be sure to read the instructions carefully and fill out all required information.

**3. Who qualifies for the higher reimbursement without providing income information?** Your provider will receive a higher reimbursement for meals served to foster children and children in households getting Supplemental Nutrition Assistance Program (SNAP) (formerly Food Stamps), Temporary Assistance for Needy Families (TANF), or Food Distribution Program on Indian Reservations (FDPIR), or any of the programs listed on the enclosed Form H1660, *List of Eligible Federal/State Funded Programs*. Children in households participating in WIC also may qualify for the higher reimbursement.

**4. Who qualifies for the higher reimbursement based on income?** Your provider may receive a higher reimbursement for the meals served to your children if your household income is equal to or less than the amount indicated for your household size listed on the Income Chart, sent with this application. Children in households participating in WIC may be eligible for the higher reimbursement.

**5. May I fill out a form if someone in my household is not a U.S. citizen?** Yes. You or your children do not have to be U.S. citizens to qualify for meal benefits offered at the day care home.

**6. Who should I include as members of my household?** You must include everyone in your household (such as grandparents, other relatives, or friends who live with you) who shares income and expenses. You must include yourself and all children who live with you. You also may include any foster children living with you.

**7. How do I report income information and changes in employment status?** The income you report must be the total gross income listed by source for each household member received last month. If last month's income does not accurately reflect your circumstances, you may provide a projection of your monthly income. If no significant change has occurred, you may use last month's income as a basis to make this projection. If your household's income is equal to or less than the amounts indicated for your household's size on the attached Income Chart, the family day care home will receive a higher level of reimbursement. Once properly approved for the higher reimbursement rate, whether through income or by providing a current SNAP, TANF, or FDPIR case number, you will remain eligible for those benefits for 12 months. You should, however, notify us if you or someone in your household becomes unemployed and the loss of income during the period of unemployment causes your household income to be within the eligibility standards.

**8. What if my income is not always the same?** List the amount that you normally get. For example, if you normally get \$1000 each month, but you missed some work last month and only got \$900, put down that you get \$1000 per month. If you normally get overtime, include it, but not if you only get it sometimes.

**9. What if I have foster children?** Foster children that are under the legal responsibility of a foster care agency or court automatically qualify for the higher reimbursement. Any foster child in the household qualifies regardless of income. Households may include foster children on the Meal Benefit Form, but are not required to include payments received for the foster child as income. Households wishing to apply for such benefits for foster children can provide the Texas Department of Family and Protective Services Form 2085FC, *Placement Authorization Foster Care/Residential Care*, to their child's caregiver or sponsor and do not need to complete the CACFP Meal Benefit Income Eligibility Form.

**10. We are in the military, do we include our housing and supplemental allowances as income?** If your housing is part of the Military Housing Privatization Initiative and you receive the Family Subsistence Supplemental Allowance, do not include these allowances as income. Also, in regard to deployed service members, only that portion of a deployed service member's income made available by them or on their behalf to the household will be counted as income to the household. Combat Pay, including Deployment Extension Incentive Pay (DEIP) is also excluded and will not be counted as income to the household. All other allowances must be included in your gross income.

In the operation of child feeding programs, no person will be discriminated against because of race, color, national origin, sex, age or disability. If you have other questions or need help, call **972-772-3200**

For Provider to qualify as Tier 1 by income & qualify to serve your own children.

To qualify for Tier I reimbursement, or if you wish to receive reimbursement for meals served to your own children under the U.S. Department of Agriculture's Child and Adult Care Food Program (CACFP), you must complete, sign and return to us the enclosed Meal Benefit Income Eligibility Form.

- 1. How do I qualify for the Tier I reimbursement for meals served to children enrolled in my home?** You must either (a) live in an area that is eligible based on economic need as determined by school enrollment or census data, or (b) establish economic need through the information provided on the enclosed Meal Benefit Income Eligibility Form.
- 2. Who determines my eligibility as a Tier I day care home?** Our office will determine your eligibility status. We will use the information you provide on the Meal Benefit Form. Make sure you complete and sign the form; report all household income (not just your family day care home business income); and provide appropriate records of your income. **Return the completed form and other papers to: [at name, address, phone number].**
- 3. What kind of records should I submit with my Meal Benefit Form?** If you operated a family day care home business last year, attach a copy of your most recent tax return, including Schedule C. If your recent tax return and Schedule C is no longer indicative of your income you may submit documentation of your current income and expenses. To do so, include payment statements for work and other forms of income. The papers you send must show the name of the person who received the income, the date it was received, how much was received, and how often it was received.
- 4. How do I get reimbursed for meals served to my own children?** You are required by law to complete this form if you wish to claim meals served to your own children. Even if you live in an area identified as one of economic need, or you have already been classified as a Tier I home, you must complete this form. Our office may verify the income information you submit.

- 6. Will the information I give be verified?** Maybe. We may ask you to send written proof to verify the information you submitted on the form. **What if I disagree with the decision about the information I complete on this form?** If your application is denied you have the right to appeal that decision and you will be given instructions for filing an appeal with your denial letter.
- 7. Who should I include as members of my household?** You must include everyone in your household (such as grandparents, other relatives, or friends who live with you) who shares income and expenses. You must include yourself and all children who live with you.
- 8. How do I report income information and changes in employment status?** The income you report must be the total gross income listed by source for each household member received last month. If last month's income does not accurately reflect your circumstances, you may provide a projection of your monthly income. If no significant change has occurred, you may use last month's income as a basis to make this projection. If your household's income is equal to or less than the amounts indicated for your household's size on the attached Income Chart, you will receive a higher level of reimbursement. Once properly approved for free or reduced price benefits, whether through income or proof of benefits as supported by a current Supplemental Nutrition Assistance Program (SNAP) (formerly Food Stamp), Temporary Assistance for Needy Families (TANF) or Food Distribution Program on Indian Reservations (FDPIR) case number, you will remain eligible for those benefits for a period not to exceed 12 months. You should, however, notify us if you or someone in your household becomes unemployed and the loss of income during the period of unemployment causes your household income to be within the eligibility standards.
- 9. May I fill out a form if someone in my household is not a U.S. citizen?** Yes. You or your children do not have to be U.S. citizens.
- 10. What if I have foster children?** Foster children that are under the legal responsibility of a foster care agency or court are eligible for free meals regardless of income, and providers will receive Tier I reimbursement for their meals. Providers wishing to apply for such benefits for foster children must provide the Texas Department of Family and Protective Services Form 2085FC, *Placement Authorization Foster Care/Residential Care*, to their sponsor and do not need to complete a separate CACFP Meal Benefit Income Eligibility Form for the foster child/children. Providers may include foster children on the Meal Benefit Form for their household if including them helps them qualify for Tier I reimbursement, but are not required to include payments received for the foster child as income.
- 11. We are in the military. Do we include our housing allowance as income?** If your housing is part of the Military Housing Privatization Initiative and you receive the Family Subsistence Supplemental Allowance, do not include these allowances as income. Also, in regard to deployed service members, only that portion of a deployed service member's income made available by them or on their behalf to the household will be counted as income to the household. Combat Pay, including Deployment Extension Incentive Pay (DEIP) is also excluded and will not be counted as income to the household. All other allowances must be included in your gross income.

In the operation of the CACFP, no person will be discriminated against because of race, color, national origin, sex, age or disability. If you have other questions or need help, call **972-772-3200**

CACFP Meal Benefit Income Eligibility Form  
Letter to Provider – Tier I or Provider's Own Children

## **CIVIL RIGHTS COMPLIANCE FOR FAMILY DAY CARE HOME PROVIDERS**

Civil Rights regulations are intended to ensure that the benefits of the Child Nutrition Programs (CNP) are made available to all eligible persons. This includes:

1. In recruitment and enrollment procedures making every effort to allow equal participation by all eligible and potentially eligible participants regardless of race, color, national origin, sex, age, or disability.
2. Distributing and classifying the Applications for Free and Reduced-price Meals [*Application Statement of Household Size-Income For the Child and Adult Care Food Program (Child Care Component)*] in a way that is fair to all and does not discriminate based on race, color, national origin, age, sex, or disability.
3. Serving meals in a way that allows equal participation regardless of race, color, national origin, age, sex, or disability

### **Discriminatory practices**

Discrimination is when an individual or a group of individuals are:

- denied a benefit or service that others receive,
- delayed receiving a benefit or service that others receive, or
- treated differently than others

When individuals or groups of individuals in a protected class (race, color, national origin, age, sex or disability) feel they have experienced discrimination based on one or more of the protected classes, the complainants should report the alleged incident(s).

### **Examples of discriminatory practices include:**

- refusing the enrollment of an eligible child based on his/her disability;
- failing to provide participants with disabilities reasonable accommodations to receive benefits;
- serving meals at a place, time, or in a manner that discriminates based on race, color, national origin, sex, age, or disability;
- selectively distributing *Application Statement of Household Size-Income For the Child and Adult Care Food Program (Child Care Component)* to only some households (For example, distributing *Application Statement of Household Size-Income for the Child and Adult Care Food Program (Child Care Component)* only to those households the Sponsor thinks will qualify for free or reduced-price eligibility) ; and
- failing to apply the same eligibility criteria to all provider participants.

### **Obligation to Offer Infant Meals in the CACFP or CNP**

All childcare providers participating in the Child and Adult Care Food Program (CACFP) must offer meals to all children enrolled for care in their facilities, including infants. A provider may not avoid this obligation by stating that the infants are not "enrolled" in the CACFP, or by citing a logistical or cost barrier to offering infant meals. When an infant is in care during the meal service period, the childcare provider must offer the infant meals that comply with program requirements. The provider will be able to claim the meal if the provider supplies at least one component of the meal.

### **“Building for the Future” Poster**

All providers must inform parents or guardians about the program and its benefits when the children enroll in the child care home. The “Building for the Future” flier serves as the parent notification document.

### **Collecting and Reporting Racial/Ethnic Data**

Collecting racial and ethnic data is required as part of the annual renewal process. All racial/ethnic data is confidential and must be stored in a way that protects each participant’s privacy.

### **Civil Rights Complaints**

All written or verbal complaints alleging discrimination on the basis of race, color, national origin, sex, age, or disability shall be processed within 90 days of receipt. The Director, Office of Civil Rights (OCR), under the Secretary of Agriculture, is responsible for the handling of complaints.

### **Non-Discrimination Statement**

When the CACFP or USDA is mentioned or implied on materials directed to parents, potential participants, or public groups, the non-discrimination statement must be included on the materials. Information that mentions the CACFP or USDA meals must include the non-discrimination statement.

Examples of informational materials that require this statement include:

- your child care policies;
- newsletters that are given to child care families if they reference or imply the CACFP;
- brochures used to advertise your child care if they reference or imply the CACFP;
- flyers posted to advertise your child care if they reference or imply the CACFP; and
- any printed or on line advertising that references or implies the CACFP.

### **USDA Non-Discrimination Statement**

The authorized statements read as follows:

“In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. To file a complaint of discrimination write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.”

If the material is too small to permit the full statement, the following statement may be used in a print size no smaller than the text used in the material.

“This institution is an equal opportunity provider.”
